(b.1999)

### Biographical and Other Notes

Hi, my name is Josh Cattermole, and I've been collecting coins since about 2014, when I was 15. Ever since, I have collected coinage from a variety of countries and periods. For English coinage, my favourite period is later Medieval, particularly the 15th century. Within this scope, I am always happy to aid those who have questions on coin identification. As for my speciality, it is the study of coinage from the Republic of Venice, with a particular focus being the circulation of Soldini, or "Galley Halfpence", in England in the 15th and 16th centuries, with a detailed book on the earlier period due for publication later this year.

Also contributing to the MHCBI – Medieval Coin Hoards of the British Isles project for the BNS.
