## Biographical and Other Notes

I'm from Bristol, and started collecting in 2020. After the covid 19 pandemic, I started the hammered corner YouTube channel to inspire new and upcoming collectors and numismatists. I collect coins from Celtic - Stuart, focusing in on the short cross and Tudor coinages. I went to the south Gloucestershire university. I also have worked for the BNS as a research assistant on the MHCBI project (Medieval Hoards of the British Isles), and I have worked for Essex coins since 2021
