

# COIN HOARDS FROM THE BRITISH ISLES 2017

EDITED BY RICHARD ABDY, MARTIN ALLEN AND JOHN NAYLOR

BETWEEN 1975 and 1985 the Royal Numismatic Society published summaries of coin hoards from the British Isles and elsewhere in its serial publication *Coin Hoards*, and in 1994 this was revived as a separate section in the *Numismatic Chronicle*. In later years the listing of finds from England, Wales and Northern Ireland in *Coin Hoards* was principally derived from reports originally prepared for publication in the *Treasure Annual Report*, but the last hoards published in this form were those reported under the 1996 Treasure Act in 2008. In 2012 it was decided to publish summaries of hoards from England, Wales, Scotland, the Isle of Man, Northern Ireland, the Republic of Ireland and the Channel Islands in the *British Numismatic Journal* on an annual basis.

The hoards are listed in two sections, with the first section consisting of summaries of Iron Age and Roman hoards, and the second section providing more concise summaries of medieval and post-medieval hoards. In both sections the summaries include the place of finding, the date(s) of discovery, the suggested date(s) of deposition, and the number allocated to the hoard when it was reported under the terms of the Treasure Act (in England and Wales) or the laws of Treasure Trove (in Scotland). For reasons of space names of finders are omitted from the summary of medieval and post-medieval hoards. Reports on most of the English and Welsh hoards listed are available online from the Portable Antiquities Scheme (PAS) website: select the 'Search our database' bar under [finds.org.uk/database](http://finds.org.uk/database), and type in the treasure case number without spaces (e.g. 2016T148).
