FASHIONED
THE OLD ^ COIN DEALERS

We live in the past. We do not auction coins. We do buy & sell coins.

Garry Charman & David Vice can offer the collector over half a century of Combined experience in the business. This sounds impressive, but in reality it means that Garry can only see a coin by putting his glasses on & David by taking his glasses off. Despite this major handicap they continue to scour the world in their attempt to maintain an interesting stock of English and Foreign Coins, Medallions & Tokens.

Three decades of highly successful buying, enables us to offer our discerning clientele an exciting and unique collecting experience. Coins can still be found that have been untouched by human hand for over twenty years! No wonder viewing our stock can often induce an uncontrollable emotional response. Many is the time we have been thrilled to witness an involuntary gasp of astonishment or fleeting glimpse of incredulity. On such magical moments are reputations built.

To whet your appetite still further we illustrate a few of those rare and desirable coins it has been our privilege to handle.

Please note the proliferation of one-pound & two-pound coins - something of a speciality!

Proof indeed that numismatic life exists north of Watford. To sample it, visit our office (just 5 min. walk from New Street Station) or simply request a copy of our latest Sales Catalogue.
